

# “An Evening With LBNH”

I have been hearing that our stakeholders want more unstructured time to talk about what it is that’s happening with LBNH, what the upcoming opportunities are, and anything else that comes to mind. The first of our bi-monthly evening sessions is happening this month!

## **Come celebrate two major project milestones!!**

- ✓ Exchanging live data by June 30, 2008, and
  
- ✓ Exchanging test data with other NHIEs, August 18, 2008

Team Members will be available to talk about the Nationwide Health Information Network project, sustainability, upcoming grant opportunities, strategic partnership, and anything else that comes to mind! We will also demonstrate the Clinical Portal for those who are interested. We have timed this to be the night before the Planning Committee in order to have a lively discussion the next day.

LBNH will provide light refreshments. Logistics for parking are attached.

Date: Thursday, August 21, 2008  
Time: 6:00PM to 8:00PM  
Location: LBNH World Headquarters  
333 W Broadway, Suites 206 and 208, Long Beach, CA 90802

**Please RSVP by Monday, August 18 5PM so we can plan for you!** And feel free to invite others who may be interested in discovering what Long Beach Network for Health is all about!
